All line win symbols must appear on a played line and on consecutive reels, beginning with the far left reel.

Coinciding line wins starting with the leftmost reel are paid.

Coin symbol appears in the base game only.

Scatter Bonus symbol appears in the base game and in the *Free Spins Bonus*. The bonus can be triggered up to 5 times (1 time + 4 retriggers) during one spin.

Wins are shown in currency.

All applicable taxes and fees in connection with any winnings awarded to the player, and any other payments to the winning player are his/her sole responsibility. Winnings cannot be transferred, substituted, or redeemed for any other consideration.

In some jurisdictions, regardless of bet size, there is an award cap on any single transaction. See the payable for details. ## Additional Information

### Expected Payback

In accordance with fair gaming practices required in most legal jurisdictions worldwide, each and every game outcome is completely independent, except in cases where one spin unlocks a feature for a subsequent spin or series of spins, per the game rules.

The odds of getting any particular outcome are always the same.

The odds do not vary based on prior outcomes, bet size, balance size, time of day, day of week, etc.

For example, if the top award is won on a given play of the game, the chances of winning the top award on the next play are exactly the same.

Likewise, prior losses do not change future odds.

The expected payback reflects the theoretical return across a very large number of plays by numerous players over an extended period of time.

The results for any given player over a play session can vary widely from this long-term, expected average in either direction.

The fewer the number of games played, the wider the normal variance of actual payback that may be experienced.
