In the event of technical difficulties resulting in a dropped connection to the game server, the game you were playing is saved automatically and will load the next time you establish a connection to the game server. You will not be able to reconnect to the game server for the first 30 seconds after the disconnection.

Note: In case of malfunction all pays and play are voided; any bet that was not yet accepted will be voided, any bet that was unsettled will be refunded.

The **Wild** symbol replaces any other symbols, except the **Gold Nuggets** symbols, to form winning combinations.

Symbols in winning combinations will explode and new symbols will drop into position. Cascades will continue until no new wins are formed.

Winning symbols on the horizontal top tracker will be replaced by symbols shifting from right to left.

Note: During cascading wins, the number of ways is fixed at the same amount as on the initial winning spin.

Bonus symbols cannot be broken and will remain on screen until no more wins are formed.
