ALC Game Rules – Additional Information (Zoltar Speaks)

Game Help and Paytable are available within game.

ADDITIONAL INFORMATION

Special Symbols

The Zoltar Speaks symbol appears only on reel 1 and pays one credit or is wild for non-Zoltar symbols to make winning combinations. The Zoltar Speaks 3x symbol appears only on reel 2 and pays three credits or is wild for non-Zoltar symbols multiplying 3x winning combinations. The Zoltar Speaks 5x symbol appears only on reel 3 and pays five credits or is wild for non-Zoltar symbols multiplying 5x winning combinations. Any Zoltar Speaks symbol pays only when landing on an active payline. Combining 3x and 5x multiplies 15x winning combination on the payline.

Respin Bonus

Certain winning combinations may active the Respin Bonus. Reels may spin up to 5 times, paying different winning combinations. Reels are weighted differently during Respin Bonus.

Interrupted Game

In the event of disconnection, an interrupted bonus feature may be resumed immediately by starting the game again. The results of a completed reel spin (where display of the visual result was interrupted) will not be re-displayed within the game but may be reviewed in My Transaction History.

Any amount wagered on an unfinished spin will remain paused until you either complete the game, the game is voided, or it's auto completed within 24 to 48 hours. When an unfinished spin is voided, your bet will be refunded to your account.

Game History

The result of a completed game may be viewed in My Transaction History immediately after closing the game window. Results of unfinished games are not displayed in My Transaction History.

Expected Payback

The theoretical average return to player (RTP) is 94.94 – 94.99%. This RTP represents the long-term expected payback of the game which has been calculated by an independent testing lab. Bet settings determine the RTP percentage range; adjusting the bet settings to the maximum number of lines, bet levels, or bet multipliers provides the maximum RTP.
